engagement

**BRAND ENGAGEMENT.**
By sponsoring an Ecochallenge, your brand will interact with our highly engaged audience on a daily basis as they learn how to make their lives more sustainable using our proven behavior change model.

**BRAND IMPACT & ASSOCIATION**
85% of Ecochallenge participants sustain behaviors beyond one Ecochallenge. By sponsoring an Ecochallenge, your brand will be associated with a platform that is driving habits that create more environmental and social good.

**BRAND LOYALTY.**
Companies are showcased within Ecochallenge Action descriptions, Action Resources, and Ecochallenge Categories. By aligning with Ecochallenge and emphasizing your brand’s values, you will build trust with eco-conscious consumers and create a positive association between your brand and sustainability.
We are absolutely thrilled with the results of this year’s Earth Month Ecochallenge. We wanted to sponsor the event because we know the Ecochallenge is fun, inclusive, and science-based; but the level of engagement and enthusiasm from our employees went far beyond my expectations.

As we invited our suppliers, customers and partners to join us in the challenge, it was highly rewarding to contribute to making this the biggest Ecochallenge yet. The best way to achieve impact at-scale is to use our collective voice and global reach to energize action, and this multiplier effect is key to a sustainable future.”
