WELCOME TO CAMPUS ECOCHALLENGE!

We challenge you to choose 1 action to reduce your impact and stick with it during the Campus EcoChallenge. You pick your Challenge and set a goal that stretches your comfort zone and makes a difference for you and the planet.

Common wisdom says it takes at least two weeks to change a habit: if you can stick with a new behavior for at least 14 days in a row, you're a lot more likely to keep it up forever. EcoChallengers share their progress and earn points for taking action. The combination of collective inspiration, camaraderie and friendly competition makes change a little easier — and a lot more fun.

THANK YOU FOR ENGAGING YOUR TEAM!

Team Captains play a very important role in Campus EcoChallenge. You and your teammates truly make it possible for us to prove that small actions add up to real change!

This resource is intended to help you and your team create a successful, impactful EcoChallenge. If you need extra help getting started, or have questions along the way, please contact us. You can reach us at 503-227-2807 or support@ecochallenge.org.

Enjoy the Challenge!
David, Deb, Kerry, Kelly, Lacy, and Liz

STRATEGIES FOR A FUN, SUCCESSFUL ECOCHALLENGE

ENGAGE YOUR TEAM

Highly engaged teams are not only fun to be a part of, they are also more likely to create long-term impacts. Help your team feel connected and inspired.

- Hold a kick-off event. Consider launching Campus EcoChallenge with a potluck or other social gathering.
- Encourage each other. Use the EcoChallenge Feed to offer your teammates encouragement and support, and to share ideas during the Challenge. Consider asking your team members to take turns sending a group email to cheer everyone on too. A little encouragement can go a long way!
- Use incentives to motivate your team. Consider using prizes or other recognition to inspire participation. We have some fun new EcoChallenge goodies, like reusable mugs and lunch bags, available at ecochallenge.org/shop that make great low-cost prizes too.

SHARE YOUR TEAM'S STORIES AND HAVE FUN ALONG THE WAY

Photos and feed updates can inspire your team and your networks

- The Campus EcoChallenge platform enables your team to easily share their “aha!” moments and stories from throughout the Challenge. Encourage your teammates to post frequently – feed updates inspire others to take action and make a difference!
- Use social media to tell your team’s story. Share your team’s stories on your social channels to spark conversations and get your network excited to take action too.
- EcoChallenge Competitions are even more fun in the new platform! Compete with another team to inspire an even bigger impact!
- And most importantly, have fun along the way! We really do believe that it’s important to have fun while we’re proving that small actions add up to real change!

SAMPLE TIMELINE & COMMUNICATION CALENDAR

Team communication is key to maximizing your success during Campus EcoChallenge. Use this sample calendar of emails to effectively engage your team.

ONE MONTH BEFORE THE ECOCHALLENGE STARTS - REGISTRATION IS UNDERWAY

We're gearing up for EcoChallenge! Let your prospective teammates know that your team is up and running and you want them to join you. Promote any kick-off events or incentives you're offering in this email too.

TWO WEEK COUNTDOWN

Communicate why you're taking on EcoChallenge and why you'd like people to join you.

ONE WEEK COUNTDOWN

Encourage people to get signed up if they haven't already. Let your teammates know if you're competing against another team during EcoChallenge, and provide reminders about kick-off events and incentives.

THE DAY THE CHALLENGE STARTS - ECOCHALLENGE IS ON!

Let everyone know that EcoChallenge is officially underway and you're looking forward to reading their blog updates and hearing about their progress.

HALFWAY POINT

Share highlights from your team members' posts. Report who's earned the most points and highlight competitions.

LAST DAY AND CONGRATULATIONS

Thank your team for their participation and help them feel proud of their accomplishments. Consider hosting a get-together to celebrate your success (and send us a team photo if you have a celebration!) Plant the seed about participating in an NWEI discussion course, if organizing a course is part of your engagement plan for after EcoChallenge.

AFTER THE ECOCHALLENGE ENDS - KEEP THE MOMENTUM GOING

Capture the stories that your team members share so you can use them to tell the story of employee engagement and inspire future EcoChallengers. Look for inspirational, humorous, and insightful quotes or stories. Consider different ways to get the word out about your team's success – such as on your company or organizational website or social media pages, blog, community newsletter or email listserv. Share your stories with us, too - we love to hear the stories and might feature your team on our blog or social media sites, too!

**Check out ecochallenge.org/resources for other tools.
Let us know if we can do anything else to help you engage your team!**
