# POWERED BY ECOCHALLENGE.ORG

## WE BELIEVE EVERY PERSON HAS THE POWER TO CREATE POSITIVE ACTION.

There's no shortage of information about the serious challenges facing our planet – and although most people say they would like to do more, they don't know where to start.

That's where we come in.

## WE BELIEVE CHANGE SHOULD BE FUN.

For over 25 years, we have helped make change more possible, more social, and yes, more fun by helping people connect with their communities and take action, together.

## WE BELIEVE THE LITTLE THINGS MAKE A BIG DIFFERENCE.

EcoChallenge.org was founded in 1993 as Northwest Earth Institute with a simple objective: to give people a framework to talk about our relationship with the planet and to share in discovering new ways to live, work, create and consume. And (as more than 250,000 participants worldwide have discovered since then) it turns out that within that simple objective is a recipe for powerful change.

When you break big issues into bite-sized pieces, and talk through them with the people who matter to you, you discover insights and inspiration. You learn, together. You build a personal network of shared stories and support that makes it easy to take action.

## WE BELIEVE IN CHANGE THAT WORKS FOR YOU.

From the beginning, we have been committed to meeting people where they are. We don't tell you what to think, or buy, or do. And we believe no change is too small – in fact, those tiny choices we make every day, by rote or by habit (paper or plastic? take or toss? borrow or buy?) are exactly where change is most possible and powerful.

Through our Discussion Courses and the EcoChallenge Platform, we help people discover shared learning, shared stories and shared action.

## WE DISCOVER CHANGE, TOGETHER.
